Introduction

This directory provides a list of MVP Health Care network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

About Our Doctors and Hospitals

If you are a Preferred Gold HMO-POS, Secure HMO-POS, Secure Plus HMO-POS, or DualAccess HMO-DSNP plan member, you will have to choose one of our network providers to be your Primary Care Provider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP. If you do not select a PCP, one will be assigned for you. You may change your PCP later if you wish. Patriot Plan PPO, WellSelect PPO, WellSelect Plus PPO, UVM Health Advantage Preferred PPO, UVM Health Advantage Secure PPO, and UVM Health Advantage Select PPO members are encouraged to select a PCP, but you are not required to do so. Women may choose an obstetrician/gynecologist in addition to their PCP.

You do not need to call your PCP for a referral or permission to see a specialist, such as a podiatrist, rheumatologist, dermatologist, cardiologist, or specialist in mental health services.

Network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. Other providers are available in our network.

With most plans, you may get covered services from non-network providers. Out-of-network/non-contracted providers are under no obligation to treat MVP Health Care members, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call the MVP Medicare Customer Care Center at **1-800-665-7924** (TTY 711) seven days a week 8 am–8 pm Eastern Time. April 1–September 30, call Monday–Friday, 8 am–8 pm.

You may also refer to your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

Out-of-Network Coverage

(Non-Emergency and Non-Urgent Care From a Provider Who Does Not Contract With MVP)

MVP DualAccess HMO D-SNP members must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor MVP DualAccess will be responsible for the costs.

With all other MVP Medicare Advantage plans, you are able to choose doctors anywhere in the U.S. who may or may not have a contract with MVP for services such as allergy shots, physical therapy, or maintenance lab work. You may pay more for care received from providers who do not have a contract with MVP. The amount you pay for your care will depend on whether the provider has a contract with MVP or not. HMO-POS plan out-of-network coverage is subject to an annual maximum benefit amount. Refer to your Evidence of Coverage (your contract) for more information about what you will pay for out-of-network services. Some services may have prior authorization rules that apply to both contracted and non-contracted providers.

If you receive any medical bill from a physician or other health care professional other than for your required co-insurance or co-payment, do not pay it. Contact the MVP Medicare Customer Care Center immediately so that it can be reviewed.

Emergency and Urgent Care

Emergency room care, post-stabilization services, and urgently needed care are covered worldwide.

You should get **emergency care** if you believe that your health is in serious danger and every second counts, with severe pain, a bad injury, a serious illness, or medical condition that is quickly getting much worse. In an emergency, get medical help as quickly as possible. Call **911** for help or go to the nearest emergency room. You do not need to get permission first from your physician or other doctor. Make sure that your PCP knows about your emergency, because he or she will need to be involved in following up on your emergency care. You or someone else should call to tell your PCP about your emergency care as soon as possible, preferably within 48 hours. You receive post-stabilization care until the doctors who are giving you emergency care say that your condition is stable and the medical emergency is over.

Urgent care is designed to treat minor illnesses or injuries that need medical attention but are not life-threatening. If you need urgent care, whenever possible you should call your PCP first, or go to an urgent care center. MVP covers urgent and follow-up care that you get from any provider as long as the care you are getting still meets the definition of "urgently needed care."

Supplemental Benefits

Hearing Aid Coverage[1]

Some MVP Medicare Advantage plans include hearing aid coverage, provided by TruHearing®. Coverage also includes follow-up visits for programming, fitting, and adjustments. To learn more about your coverage or to find a provider near you, call TruHearing at **1-855-542-1710**, Monday–Friday, 8 am–8 pm (TTY **1-800-975-2674**).

Eyewear Coverage

If your plan includes eyewear coverage, you can go to any eyewear provider with a prescription from your doctor for new glasses or contacts. You may have to pay the full cost for your glasses or contacts upfront and submit a form to MVP for reimbursement up to the amount covered by your benefit. Plus, with MVP vision partner, EyeMed[1], most members can also choose from a mix of independent, national retail, and regional retail providers, including LensCrafters, Target Optical, and Pearle Vision, and save with discounts on premier designer glasses.

Dental Coverage

Most plans include access to the DenteMax Medicare network—you may pay less for services from a DenteMax Medicare dentist. Or you can choose to go to any dentist. MVP DualAccess members have dental coverage through Healthplex. To find a dentist, visit **mvphealthcare.com/findadoctor**, or call the MVP Medicare Customer Care Center.

[1]Hearing aid coverage and EyeMed discounts are not available on MVP DualAccess plan.
