

Low-Cost Internet and Electronic Devices

Available to MVP Health Care[®] Members

Access to technology is important. You need it to study remotely, apply for a job, attend a virtual care appointment, and connect with loved ones.

The Affordable Connectivity Program (ACP) can help pay for electronic devices, internet and wi-fi, digital skills training, and tech support for those who qualify.

MVP can connect you with an organization called Human-I-T. Their representatives will tell you if you qualify for ACP and help you enroll in the program.

You may be eligible if you or someone you live with currently receives government benefits such as:

- Medicaid
- Supplemental Nutrition Assistance Program (SNAP)
- Supplemental Security Income (SSI)
- Supplemental Nutrition Program for Women, Infants, and Children (WIC)
- Public Housing Assistance/Section 8 Voucher
- Pell Grant
- Free and Reduced-Price Lunch

Please be ready to provide proof of your government benefits to Human-I-T.
