Compliance with New York's Regulation 194 (11 NYCRR 30) - Producer Compensation Transparency

MVP Health Care has reviewed this new regulation, which took effect January 1, 2011. In general, it requires producers to disclose compensation they receive, based in whole or in part, on the sale of insurance products, and upon request at renewal.

MVP will comply with the regulation as it relates to MVP employees. Brokers, however, are required to comply with the regulation independent of their relationship with MVP.

If you are not familiar with the regulation, please visit the [New York State Department of Insurance Web site](#). The regulation can be found by clicking [here](#).
