About Your MVP Medicare Advantage Plan Dental Benefit

As part of the MVP Medicare Advantage plan dental benefits, you may see a dentist that participates with the LIBERTY Dental Plan anywhere in the country. Covered services performed by LIBERTY dentists are covered at no additional cost to you. Visit mvphealthcare.com/MedicareDentist to confirm that your dentist is part of the LIBERTY network.

Your dental plan also gives you access to the national Guardian PPO network. If you go to a Guardian dentist, be sure to tell the provider you have access to the Guardian network through your LIBERTY Dental Plan. Dentists can also call the number on the back of your dental Member ID card to confirm eligibility.

You also have the flexibility to go to any dentist for covered services, but you may pay more for services provided by a dentist who is not part of the LIBERTY Dental network. Dentists also may ask for the full cost of services to be paid upfront. You can submit a claim for reimbursement for any charges up to the co-insurance amount covered by your plan.

MVP pays for covered dental services based on a maximum allowable benefit for each service. LIBERTY dentists accept this amount as payment in full for covered services. If you see a dentist that does not participate with LIBERTY, you may be billed for additional costs.

You will receive a dental Member ID card from LIBERTY—show this card any time you visit the dentist. Make sure your dentist is still in the network each time you have a visit.

If your coverage is through an employer-sponsored plan, check with the former employer for your benefit information.

Put Money Back in Your Pocket!

MVP Health Care® is excited to introduce the **new MVP Medicare Gold Giveback™ with Part D (PPO) plan for \$0 monthly premium**, plus the Medicare Part B Giveback Benefit that **gives you \$30 back in your Social Security check each month!**

What is the Medicare Part B Giveback Benefit?

The Medicare Part B Giveback Benefit reduces the monthly Part B premium that's automatically deducted from your Social Security check. By enrolling in the MVP Gold Giveback plan, you'll get \$30 credited back in your Social Security each month throughout 2024.

The Part B Giveback benefit is not available from Original Medicare. Not all Medicare Advantage plans offer a Part B Giveback benefit*.

How do I receive the Medicare Part B Giveback Benefit?

Enroll in the MVP Medicare Gold Giveback plan!

The \$30 monthly rebate will be processed through Social Security and reimbursed directly to your Social Security check. You will not receive a reimbursement directly from MVP.

As an example, if your monthly Social Security check is \$1,600 and the Part B Giveback benefit is applied, the amount deducted for your Part B premium will be lower. This will increase your Social Security check to \$1,630 per month in 2024.

It may take a few months for the giveback to go into effect, but when it does, you'll be reimbursed for each month since you enrolled in the plan.

If you don't receive Social Security benefits, you will pay a reduced amount for your Part B premium directly to Medicare.

Who is eligible for the Medicare Part B Giveback Benefit?

The Medicare Part B Giveback Benefit is only available with enrollment in the MVP Medicare Gold Giveback plan. To enroll, you must be enrolled in Medicare Parts A and B, continue to pay your Part B premium and/or any late enrollment penalty you may owe, and live in the plan service area that includes Erie, Genesee, Livingston, Monroe, Niagara, Ontario, Orleans, Seneca, Wayne, Wyoming, and Yates counties in New York State.

Medicare Advantage Glossary of Terms

Catastrophic Coverage—A stage in the Part D drug benefit during which you pay a lower co-payment or co-insurance for your prescription drugs. You enter Catastrophic Coverage after what you have spent for covered drugs during the year reaches a set limit.

Co-Payment—An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor’s visit or prescription. A co-payment is usually a set amount, rather than a percentage. For example, you might pay \$20 for a doctor’s visit.

Coverage Gap—A stage in the Part D drug benefit when your prescription drug cost sharing changes until you spend enough to qualify for catastrophic coverage. The coverage gap (also called the “donut hole”) starts when you and your plan have paid a set dollar amount for prescription drugs during that year.

Deductible—The amount you must pay for health care or prescriptions before Original Medicare, your prescription drug plan, or your other insurance begins to pay.

Low Income Subsidy (LIS)—Medicare beneficiaries who meet income and asset qualifications may be eligible for Extra Help with the costs of their prescription drugs. This program is also known as LIS, or the Part D Low Income Subsidy. The Social Security Administration and the federal Medicare program work together to provide the LIS benefit.

Medicare Advantage Plan—Medicare Advantage plans, sometimes called “Part C” or “MA Plans,” are offered by private companies approved by Medicare. Medicare pays these companies to cover your Medicare benefits. If you join a Medicare Advantage plan, the plan will provide your Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) coverage. Medicare Advantage plans often include Part D prescription drug coverage as well.

Network—A group of medical professionals, hospitals, and other facilities that contract with a health plan to provide care to the plan’s members.

Out-of-Network—Coverage from providers who do not have a contract with your health plan. In some cases, it may cost you more for out-of-network services.

Out-of-Pocket Costs—Health or prescription drug costs that you must pay on your own because they aren’t covered by Medicare or other insurance.

Out-of-Pocket Maximum—A predetermined limited amount of money that an individual must pay, before an insurance company or (self-insured employer) will pay 100% for an individual’s covered health care expenses.

Premium—What you pay, usually monthly, for health and/or prescription drug coverage.

TrOOP—TrOOP (True Out-Of-Pocket) costs are the expenses that count toward your Medicare drug plan out-of-pocket expenses—up to \$8,000 in 2024. These costs determine when your catastrophic coverage will begin.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules.

Visit mvphealthcare.com/plandocuments or call **1-800-324-3899** (TTY 711) to view a copy of any of the documents mentioned below.

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the Medicare Part D Formulary to make sure the drugs you currently take are covered, and determine if there are any restrictions. If your drug(s) are not listed or if there are additional requirements or limits on coverage, the Medicare Part D Formulary will also provide additional guidance on how you can ask MVP to make an exception to our rules.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums, and/or co-payments/co-insurance may change on January 1, 2025.
- You may see providers outside of our network (non-contracted providers), however, you may pay a higher co-payment or co-insurance for services received by non-contracted providers. Out-of-network services for non-contracted providers are limited for HMO-POS plans. PPO members can utilize non-contracted providers. Urgent and emergent services are covered worldwide across all plans.
- Effect on your current coverage**—if you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage health care coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
