# How to Read Your Explanation of Benefits

from MVP Health Care®

An Explanation of Benefits (EOB) is designed to help you understand how your MVP health plan is working for you and to help you plan for any bills your health care provider may send you. An EOB is not a bill! Here's how it works:

You should keep your EOB for your records and check it against your provider bill before sending them any payments.

## How to Read Your Claim Summary

The first page of your EOB includes a summary of the claim.

#### **Billed Charges**

This is the amount your provider billed MVP. It does not include any discounts we've negotiated to help save you money.

#### Not Covered/Due from Patient

This amount reflects any billed charges that are not covered by your MVP health plan. Check the *Reason Code(s)* in the *Claim Details* (beginning on page 2 of your EOB) for explanations of why a charge wasn't covered. This amount is included in the *What You Owe* total.

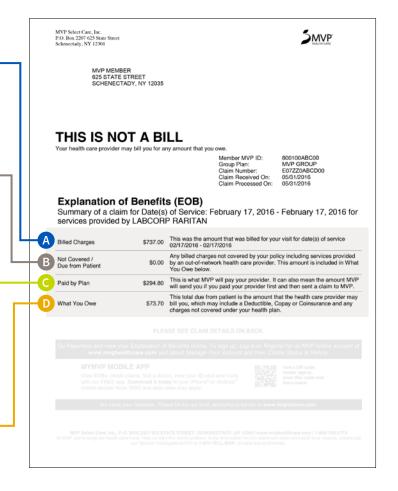

### Paid by Plan

This is the amount MVP will pay your provider, if applicable. When you receive a bill from your provider, check to make sure this amount was applied toward your balance.

#### What You Owe

D

This is the amount you may owe your provider (it may not include any co-pays you have already paid). This amount should match the amount on the bill the provider sends you.

## How to Read Your Claim Details

The second page of your EOB provides an itemized list of individual charges from your provider and what your MVP health plan covered. Here are the key things you need to know:

#### **Allowed Amount** Claim Details By negotiating lower rates with in-network doctors, A claim for services you received was sent to MVP. This EOB can help you understand the amount ch health care provider and what your health plan paid.
