Prescription Drug Coverage

Benefits	MVP DualAccess Complete (HMO-DSNP)	What you should know
<p>MVP DualAccess includes Part D prescription drug coverage. The MVP Medicare Part D Formulary—the list of drugs our Medicare plans cover— includes hundreds of generic and brand-name medications categorized into different “tiers,” or cost levels. Check the Formulary to confirm how your prescriptions are covered and what you will pay. All Part D plans also have various payment stages, but you may continue to pay the same cost share as you fill prescriptions during the year and move through these stages</p> <p>There are three drug payment stages: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage.</p> <p>Under the Manufacturer Discount Program, drug manufacturers pay a portion of the plan’s full cost for covered Part D brand name drugs and biologics during the Initial Coverage Stage and the Catastrophic Coverage Stage. Discounts paid by manufacturers under the Manufacturer Discount Program do not count toward out-of-pocket costs.</p> <p>The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage, and it can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December)</p> <p>For specific information about your costs look at Chapter 6 in your <i>Evidence of Coverage</i>.</p>
