

MVP Health Care Announces New UVM Health Advantage Plans

MVP Health Care® (MVP) has partnered with The University of Vermont (UVM) Health Network to co-create a unique doctor-guided Medicare Advantage plan to meet the specific health care needs of older adults in Vermont and northern New York called: UVM Health Advantage.

UVM Health Advantage Select, UVM Health Advantage Secure, and UVM Health Advantage Preferred are Medicare Advantage PPO plans that will utilize the existing MVP PPO network, meaning Providers that participate in MVP's current Medicare Advantage network will be in-network for these Members. Members are not limited to UVM Health Network providers.

Highlights of these new plans include:

- Plan options are offered with **Part D** prescription drug coverage.
- Members have a **limit on how much they must pay out-of-pocket** each year for medical services that are covered under Medicare Part A and Part B. When a Member reaches the maximum out-of-pocket payment amount, they will not have to pay any out-of-pocket costs for the remainder of the calendar year for covered Part A and Part B services. Prescription Part D Drugs, Routine Eyewear, Preventive Dental, and Hearing Aids do not apply to the out-of-pocket maximum.
- Members are not required to select a Primary Care Provider (PCP).
- Tailored support and benefits for patients living with **diabetes**, including: \$0 co-pay for routine podiatry visits; low-cost orthotics and diabetic shoes (only 5% co-insurance); \$0 Freestyle, OneTouch, Precision, or Prodigy glucometer and related supplies; and a free home health kit sent to the Member.
- Tailored support and benefits for members living with **heart disease**, including: \$0 co-pay for cardiology specialty care office visits; \$0 for all phases of cardiac rehab; free home health kit including digital blood pressure cuff and digital pulse oximeter; and 12 weeks of home-delivered meals following congestive heart failure diagnosis.
- Access to a UVM Health Advantage **Plan Guide** to help Members understand their options, find the right plan, and make sure their transition to the new plan goes smoothly with no disruption of care.
- Access to a UVM Health Advantage **Care Guide** to help Members understand their diagnosis and treatment plan while assisting Members in accessing their full benefits.
