## Prior Authorization Update: eviCore Healthcare

MVP Health Care® (MVP) is committed to keeping you informed of operational changes that impact doing business with us. eviCore Healthcare (eviCore) currently performs utilization management and prior authorizations for Radiation Oncology Management services. Effective April 1, 2024, MVP will not renew its service contract with eviCore.

For dates of service on and after April 1, 2024, prior authorization for Radiation Oncology Management will no longer be required by MVP. To review the current eviCore Utilization Review Matrix, *Sign In* to your MVP Provider Online Account at [mvphealthcare.com/providers](https://mvphealthcare.com/providers), then select the *Benefits Interpretation Manual*.

Cases that are submitted to eviCore by the end of business on March 15, 2024, and which will be performed prior to April 1, 2024, will be processed by eviCore.

Any authorization requests sent to eviCore on or after April 1, 2024, will not be processed by eviCore and the Provider will be informed at the time of submission to eviCore that no prior authorization or post-procedure review is required.

### Reminder

**eviCore will continue to manage prior authorization for High-Tech Imaging on behalf of MVP.**

Should you have any questions please contact your MVP Professional Relations Representative.

Thank you for supporting our shared goal of caring for the people in the communities we serve.
