MVP Announces Additional Coverage Options for Members in New York State

Expansion to Extend MVP D-SNP Plans into Eight Additional Counties in 2026

MVP Health Care® (MVP) is pleased to announce the expansion of our Dual Eligible Special Needs Program (D-SNP) plans into eight counties across New York State: Fulton, Genesee, Herkimer, Livingston, Montgomery, Ontario, Warren, and Washington. This initiative will increase access to additional care options for both individuals and families.

This product offering is available exclusively under the MVP Integrated plan. Participation is limited to individuals who meet the eligibility requirements of MVP's Managed Medicaid program.

Enrollment for eligible individuals will open on January 1, 2026, with coverage for this expansion beginning on February 1, 2026.

MVP currently offers D-SNP benefit plans to serve individuals who are dually eligible for Medicare and Medicaid in the Capital District, the Hudson Valley, and Monroe county. Special Needs Plans are a type of Medicare Advantage benefit plan that offers intensive care coordination for individuals with special needs. Our D-SNP benefit plan is known as the DualAccess plan. Also offered is the MVP DualAccess Complete (HMO D-SNP) plan with integrated benefits for dually eligible enrollees (IB-Dual).

Along with our trusted Provider Partners, MVP is committed to serving the health and wellness of communities in these new areas. If you have questions about these expansions, please contact your MVP Provider Relations Representative or your Provider Partnership Liaison.
