Reminder: Type of Bill (TOB) Values Required on Claims Submitted by OASAS SUD Providers

MVP Health Care® (MVP) values your ongoing commitment to supporting our Members, and is committed to keeping you informed.

We want to remind you of changes made by New York State (NYS) Department of Health (DOH) and Office of Addiction Services and Supports (OASAS) for Article 32 Substance Use Disorder (SUD) Providers.

TOB Values Required for SUD Services to Medicaid Managed Care Members

For accurate reporting and categorization of services provided to Medicaid Members, DOH and OASAS notified Providers in December 2025 that facilities are expected to submit a Facility Type Code value of **86** in Loop 2300 for element 1331 (ref. CLM 05-01) in the Health Claim segment when billing the following rate codes:

Program	Rate Code	Rate Code Service Title
Withdrawal and Stabilization	4220	Article 32 Medically Supervised Inpatient Withdrawal
Inpatient Rehabilitation	4213	Article 32 Inpatient Rehabilitation
	4202	Article 32 State Operated Addiction Treatment Center
Residential Services	1144	Stabilization
	1145	Rehabilitation
	1146	Reintegration

Moving forward, DOH and OASAS have advised that Facility Type Code values **11** or **12** should not be used on claims submitted with the specified rate codes. Therefore, in accordance with this guidance, claims submitted to MVP with incorrect TOB values with the above rate codes will be denied for processing beginning April 1, 2026.

Should you have any questions, please reach out to your MVP Behavioral Health Provider Relations Representative for further assistance.
