

MVP Health Care[®]

2025 Medicare Part D Formulary

(List of Covered Drugs)

Please Read: This document contains information about the drugs we cover in this plan. This Formulary was updated on November 1, 2025. For more recent information or questions, please contact the MVP Medicare Customer Care Center.

Additional Resources to Help: Please contact the MVP Medicare Customer Care Center at **1-800-665-7924** for additional information.

TTY users should call 711. Hours are seven days a week, 8 am-8 pm Eastern Time. April 1-September 30, call Monday-Friday, 8 am-8 pm.

Visit mvphealthcare.com/partdformulary for the most up-to-date Formulary listing.

Formulary ID 25352, Version 19
Updated 11/2025
Y0051_9984_C

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (Formulary) refers to “we,” “us,” or “our,” it means MVP Health Care (MVP). When it refers to “plan” or “our plan,” it means MVP[®] Medicare Patriot PlanSM (PPO), MVP Medicare Preferred Gold (HMO-POS), MVP Medicare Secure (HMO-POS), MVP Medicare Secure Plus (HMO-POS), MVP[®] Medicare WellSelect[®] (PPO), MVP[®] Medicare WellSelect[®] Plus (PPO), MVP Medicare Complete Wellness (PPO), or UVM Health Advantage Select (PPO).

This document includes a list of the drugs (Formulary) for our plan which is current as of November 1, 2025. For an updated Formulary, please contact us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, Formulary, pharmacy network, and/or co-payments/co-insurance may change on January 1, 2026, and from time to time during the year.

What is the MVP Health Care Medicare Part D Formulary?

A Formulary is a list of covered drugs selected by MVP Health Care in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. MVP will generally cover the drugs listed in our Formulary as long as the drug is medically necessary, the prescription is filled at an MVP network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (Drug List) Change?

Most changes in drug coverage happen on January 1, but MVP may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes That Can Affect You This Year

In the below cases, you will be affected by coverage changes during the year.

Immediate Substitutions of certain new versions of brand name drugs and original biological products

We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled "How do I request an exception to the MVP Medicare Part D Formulary?"

Some of these drug types may be new to you. For more information, see the section below titled "*What are original biological products and how are they related to biosimilars?*"

Drugs Removed from the Market

If the Food and Drug Administration deems a drug on our Formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our Formulary and provide notice to members who take the drug.

Other Changes

We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand name drug currently on the Formulary; or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or we may add a generic drug that is not new to market to replace a brand name drug currently on the Formulary; or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our Formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the

member requests a refill of the drug, at which time the member will receive a one month supply of the drug (up to 30 days).

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled, "How Do I Request an Exception to the MVP Medicare Part D Formulary?"

Changes That Will Not Affect You If You Are Currently Taking the Drug

Generally, if you are taking a drug on our 2025 Formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed Formulary is current as of November 1, 2025. To get updated information about the drugs covered by MVP Health Care, please contact us. Our contact information appears on the front and back cover pages.

In the event of a change or changes to the Formulary during the year, the changes also will be posted at mvphealthcare.com. The updated version of the comprehensive Formulary will be posted on the MVP website on a monthly basis as needed. To view the list of changes, visit mvphealthcare.com/partdformulary.

Or you may request an errata sheet (a copy of the 2025 Formulary changes) by calling the MVP Medicare Customer Care Center at the phone numbers on the back of your Member ID card.

How Do I Use the Formulary?

There are two ways to find your drug within the Formulary:

Medical Condition

The Formulary begins on page 1. The drugs in this Formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular". If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 85. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index.

1. Look in the Index and find your drug.
2. Next to your drug, you will see the page number where you can find coverage information.
3. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are Generic Drugs?

MVP covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

Are There Any Restrictions on My Coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

Prior Authorization

MVP requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from MVP before you fill your prescriptions. If you don't get approval, MVP may not cover the drug.

Quantity Limits

For certain drugs, MVP limits the amount of the drug that MVP will cover. For example, MVP provides 30 tablets per 30 days per prescription for JANUVIA. This may be in addition to a standard one-month or three-month supply.

Step Therapy

In some cases, MVP requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, MVP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, MVP will then cover Drug B. You can find out if your drug has any additional requirements or limits by looking in the Formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization restriction and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

You can ask MVP to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the MVP Medicare Part D Formulary?" on the next page for information about how to request an exception.

What If My Drug is Not on the Formulary?

If your drug is not included in this Formulary (list of covered drugs), you should first contact the MVP Medicare Customer Care Center and ask if your drug is covered.

If you learn that MVP Health Care does not cover your drug, you have two options:

1. You can ask the MVP Medicare Customer Care Center for a list of similar drugs that are covered by MVP. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by MVP.
2. You can ask MVP to make an exception and cover your drug. See next section for information about how to request an exception.

How Do I Request an Exception to the MVP Medicare Part D Formulary?

You can ask MVP to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our Formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a Formulary drug at a lower cost-sharing level. If approved, this would lower the amount you must pay for your drug. **Note:** You may not ask us to cover a Tier 5 (Specialty Tier) Formulary drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, MVP limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, MVP will only approve your request for an exception if the alternative drugs included on the plan's Formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/ or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a Formulary, tiering, or utilization restriction exception. **When you request a Formulary, tiering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What Do I Do Before I Can Talk to My Doctor About Changing My Drugs or Requesting an Exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our Formulary. Or, you may be taking a drug that is on our Formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a Formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action

for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our Formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our Formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover up to a cumulative 31-day supply of that drug while you pursue a Formulary exception.

Members who are changing levels of care may be eligible for a transition supply of medication outside of their initial 90-day enrollment transition period. Level of care changes may include: entering or leaving a long-term care facility, discharge from hospital to home, and ending a skilled nursing facility stay and reverting to Part D Formulary coverage under your plan.

For More Information

For more detailed information about your MVP Health Care prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about MVP Health Care, please contact us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or, visit [medicare.gov](https://www.medicare.gov).

The MVP Health Care Medicare Part D Formulary

The Formulary that begins on page 1 provides coverage information about most of the drugs covered by MVP Health Care. If you have trouble finding your drug in the list, turn to the Index that begins on page 85.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *allopurinol*).

The information in the Requirements/Limits column tells you if MVP has any special requirements for coverage of your drug.

Abbreviations and Definitions of Formulary Terms

You may find one or more of the following abbreviations in the Formulary under the Requirements/Limits column next to a drug name.

Not Available at Mail Order (NM)

Certain drugs are not allowed through the mail order pharmacy program. These prescriptions can only be filled at a retail pharmacy.

Prior Authorization (PA)

For safety reasons and/or cost savings, MVP Health Care requires you or your doctor to get prior authorization for certain drugs. This means that you will need to get approval from MVP before you fill your prescriptions. If you don't get approval first, MVP may not cover the drug.

Quantity Limits (QL)

For safety reasons and/or cost savings, for certain drugs MVP Health Care limits the amount of the drug that we will cover. For example, MVP provides one capsule per day for JANUVIA. This limit may be applied to a standard one-month or three-month supply.

Step Therapy (ST)

For safety reasons and/or cost savings, in some cases MVP Health Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, MVP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, MVP will then cover Drug B.

Dispensing Limits (DL)

For safety reasons and/or cost savings, certain drugs are limited to a one-month supply through a retail pharmacy and are not available through the mail order program.

Limited Access (LA)

Some drugs are available only through a designated Specialty Pharmacy because of manufacturer limited distribution.

Part B versus Part D drug coverage (B/D)

Some drugs could be covered under the Part B (medical) or Part D (prescription drug) benefit, depending on certain criteria. This means that you or your doctor will need to submit a request to MVP so we can determine, based on Medicare guidelines, if your drug will be covered as Part B or Part D. Your cost sharing will be based on this determination.

Your Costs in the Initial Coverage Period

Note:

1. Not all MVP Medicare Advantage plans are offered in each New York county.
2. If you qualify for New York State EPIC (Elderly Pharmaceutical Insurance Coverage), or Low Income Subsidy, the amounts below may be reduced.

What you Pay for a 30-Day Supply From a Retail Pharmacy:

⁴**Northern New York service area includes** Clinton, Essex, Franklin, Hamilton, and St. Lawrence counties.

Tier Descriptions

Tier 1–Preferred Generic Drugs–\$0 cost

Tier 1 includes select generic drugs used to treat chronic conditions such as diabetes, high blood pressure, high cholesterol, and osteoporosis/bone health.

Tier 2–Generic Drugs

Tier 2 includes most other generic drugs on our Formulary. Generic drugs have the same active ingredients, strength, and effectiveness as the brand name versions, but generally at a much lower cost.

Tier 3–Preferred Brand Name Drugs

Tier 3 includes preferred brand drugs that have the lowest cost sharing for brand name drugs. Certain generic drugs may appear in Tier 3 due to potential safety concerns or the high cost of the drug.

Tier 4–Non-Preferred Brand Drugs

Tier 4 includes all other non-preferred brand-name and generic drugs on our Formulary. Part D drugs excluded from our Formulary must go through an exception process in order for MVP to cover them. If they are approved, they will be covered in Tier 4.

Tier 5–Specialty Drugs

Tier 5 includes high cost specialty generic and brand-name drugs that cost \$950 or more for a one-month supply. Most drugs in Tier 5 are restricted to a one-month supply at retail, and are excluded from the mail order program and tier exception process.

Plan-covered insulin drugs have a \$35 maximum co-pay regardless of tier, and are not subject to the deductible.
