Tips and Best Practices to Help Improve Performance

- Screen your patients annually for diabetes
- Educate Members about appropriate screenings for certain medication therapies
- Utilize your monthly Gaps in Care (GIC) report for a list of MVP Members and the care they may need
- Submit all results to your local Regional Health Information Organization (RHIO)
- Consider using alerts or flags within the electronic health record (EHR) for screening tests
- Document medical and surgical history and preventive screenings in the health record and indicate the date and result
- Use correct diagnosis and procedure codes and submit claims and encounter data in a timely manner
