

Coding Reference Guide Measurement Year 2024

Social Need Screening and Intervention (SNS-E)

Measure Description

The percentage of Members who were screened, using pre-specified instruments, at least once during 2024 for unmet food, housing, and transportation needs, and received a corresponding intervention if they screened positive.

Food

- Food Screening – The percentage of Members who were screened for food insecurity performed between January 1, 2024 and December 1, 2024
- Food Intervention – The percentage of Members who received a food security intervention on or up to 30 days after the date of the first positive food insecurity screen (31 days total)

Housing

- Housing Screening – Members who were screened for housing instability, homelessness, or housing inadequacy performed between January 1, 2024 and December 1, 2024
- Housing Intervention – Members who received an intervention corresponding to the type of housing need identified on or up to 30 days after the date of the first positive screening for housing instability, homelessness, or housing inadequacy (31 days total)

Transportation

- Transportation Screening – Members who were screened for transportation insecurity performed between January 1, 2024 and December 1, 2024
- Transportation Intervention – Members who received a transportation insecurity intervention on or up to 30 days after the date of the first positive transportation insecurity screen (31 days total)

Definitions

Participation Period: January 1, 2024–December 31, 2024.

Food Insecurity: Uncertain, limited, or unstable access to food that is adequate in quantity and in nutritional quality; culturally acceptable; safe; and acquired in socially acceptable ways.

Housing Instability: Currently consistently housed but experiencing any of the following circumstances in the past 365 days: being behind on rent or mortgage, multiple moves, cost burden or risk of eviction.

Homelessness: Currently living in an environment that is not meant for permanent human habitation (ex. car, park, sidewalk, abandoned building, on the street); not having a consistent place to sleep at night; or because of economic difficulties, currently living in a shelter, motel, temporary, or transitional living situation.

Housing Inadequacy: Housing does not meet habitability standards.

Transportation Insecurity: Uncertain, limited, or no access to safe, reliable, accessible, affordable, and socially acceptable transportation infrastructure and modalities necessary for maintaining one's health, well-being, or livelihood.

Food Insecurity Instruments

Eligible screening instruments with thresholds for positive findings include:

Food Insecurity Instruments	Screening Item LOINC Codes	Positive Finding LOINC Codes
Accountable Health Communities (AHC) Health-Related Social Needs (HRSN) Screening Tool	88122-7	LA28397-0, LA6729-3
	88123-5	LA28397-0, LA6729-3
American Academy of Family Physicians (AAFP) Social Needs Screening Tool	88122-7	LA28397-0, LA6729-3
	88123-5	LA28397-0, LA6729-3
AAFP Social Needs Screening Tool - Short Form	88122-7	LA28397-0, LA6729-3

¹Proprietary; there may be a cost or licensing requirement associated with use.

Note: The SNS-E screening numerator counts only screenings that use instruments in the measure specification as identified by the associated LOINC code(s). Allowed screening instruments and LOINC codes for each social need domain are listed above.

NCQA recognizes that organizations might need to adapt or modify instruments to meet the needs of their membership. To clarify:

- The SNS-E measure specification does not prohibit cultural adaptations or linguistic translations from being counted toward the measure's screening numerators
- Only screenings documented using the LOINC codes specified in the SNS-E measure count toward the measure's screening numerators
- The Regenstrief Institute, which maintains the LOINC database, has indicated that LOINC codes are not developed at the level of granularity that distinguishes between original and adapted or translated instruments
- Tool developers have varying policies regarding cultural adaptation and translations; some state that users may adapt screening instruments, others state that organizations must obtain permission first. NCQA urges organizations to refer to the tool developer for information about adaptations or translations that are available or allowed

Interventions

An intervention corresponding to the type of need identified on or up to 30 days after the date of the first positive screening during 2024.

- A positive food insecurity screen finding must be met by a food insecurity intervention
- A positive housing instability or homelessness screen finding must be met by a housing instability or homelessness intervention
- A positive housing inadequacy screen finding must be met by a housing inadequacy intervention
- A positive transportation insecurity screen finding must be met by a transportation insecurity intervention

Interventions may include any of the following categories:

- Assistance
- Assessment
- Counseling
- Coordination
- Education
- Evaluation of eligibility
- Provision or referral
