¹Unless otherwise noted, all plan deductibles and/or out-of-pocket maximums are embedded.
Aggregate vs. Embedded Aggregate (AGG) Deductible: All family plan individuals pay together toward one deductible amount before the plan will make payments. **Embedded (EMB) Deductible:** Each family plan member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met. An embedded out-of-pocket maximum works the same way.
QHDHP: Qualified High-Deductible Health Plan **NoDD:** Not subject to deductible
