Pediatric dental coverage is not included on the Healthy NY plan. However, per the Affordable Care Act (ACA), small group employers are required to offer pediatric dental coverage to all dependents up to age 19. If you do not currently offer pediatric dental coverage compliant with ACA requirements, stand-alone pediatric dental products are available for purchase from MVP. Please ask your MVP Sales Representative for more information.

NoDD: Not subject to deductible

In a family plan with an embedded deductible, each member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met.

An embedded out-of-pocket maximum works the same way.

Plan availability and rates are subject to change without notice. Rates may vary by region and should be verified with your authorized broker, or MVP. For plan details or the most current information on the approved plans available for individuals or families in your area, please contact your broker, navigator, or MVP representative.
