Section 5: Group Administration

Total number of employees including full-time[1], part-time equivalent[2], seasonal equivalent[2], and 1099: _____

Note: Retirees[3] and COBRA participants are not considered *employees* and should not be counted to determine group size.

[1] The *full-time equivalent* (FTE) employee counting method in 26 U.S.C. 4980H(c)(2) must be utilized to determine group size. This method is the same calculation used to determine employer liability under the *Shared Responsibility for Employers* provisions of the Affordable Care Act (ACA) and Internal Revenue Code.

[2] To convert the number of part-time employees to a full-time equivalent, the aggregate number of hours worked for part-time employees is divided by 120. Part-time hours are capped at 120 hours per employee per month.

[3] Exceptions will be made if the retiree population is more than 25 percent of the group. If the retiree population makes up more than 25 percent of the group, then the retirees will be included in the group size count.
