EXHIBIT 13b: NARRATIVE SUMMARY

Company Name:	<u>MVP Health Services Corp.</u>
NAIC Code:	<u>47062</u>
SERFF Tracking #:	<u>MVPH-131922820</u>
Market Segment:	<u>Small Group</u>

Generally, once a year MVP files for a change to the current premium rates on file for their products based on a review of the adequacy of the rate level. Premiums need to be sufficient to cover all medical and pharmacy claims submitted from the covered members, as well as cover the administrative cost of operations, Federal and New York State taxes/assessments levied and New York State statutory reserve requirements.

MVP is proposing a premium rate adjustment effective as of January 1, 2020. Policyholders will be charged the proposed premium rates upon renewal in 2020 pending New York State's Department of Financial Services review. There are 5,582 policyholders and 57,626 members currently enrolled in Small Group MVP Health Services Corp. plans. The proposed premium rate adjustment represents an average increase of 5.6%. Premium changes will vary by plan design due to cost-sharing modifications as well as by rating region.

Premium rates are increasing due to the rising cost and utilization of medical services and prescription drugs (+7.8%), changes to Federal Government taxes and assessments (+2.9%), an adjustment to reflect increased utilization of services at higher cost providers (+0.2%), covering an additional day of claims due to the leap year in 2020 (+0.3%) and NYS benefit mandates and benefit enhancements offered by MVP (+0.1%). Offsetting these increases is a change in our claim projection from prior year (-5.4%).
