(FEHB) Program

**PRESCRIPTION
DRUG FORMULARY**

Effective February 1, 2018

2018 PRESCRIPTION DRUG FORMULARY

EFFECTIVE February 1, 2018

Your physician is the person best suited to help you make decisions about prescription drugs, and the prescription drug information below is intended for consumer guidance only. This information relates to the Prescription Drug Formulary, generally, and may not describe your particular coverage. Your FEHB Program Brochure determines your benefits, limitations and exclusions.

While every effort has been made to insure accuracy, some information may be out of date. The Formulary is subject to change based on decisions made by the Pharmacy & Therapeutics (P&T) committee. Medications with an over-the-counter equivalent are not a covered benefit. Under the Brand/Generic Difference Program, if there is an A-rated generic drug, and you receive the brand name drug, you will be responsible for the difference in cost between the generic and the brand name drug plus your generic copayment. Generic drugs on the formulary may not have the equivalent brand name product listed.

Products are listed in their most represented tier. Certain drugs may have a generic name but are a brand drug and will process as tier 3 product. For example a drug may be listed in tier 1 but a certain strength, dosage form or manufacturer may be considered a brand drug and will process at tier 3.

Certain drugs are subject to prior authorization, step therapy or quantity limits. All new drugs require prior authorization for a minimum of six (6) months from when they become available on the market. To find out if the drug you take is subject to one of these management tools or if you must obtain your medication from a specialty pharmacy, check the formulary at www.mvphealthcare.com or call our Customer Care Center at 1-888-687-6277.

DRUG CATEGORY	TIER 1 Includes most generic drugs.	TIER 2 Includes preferred brand name drugs, select high cost generics drugs, and preferred specialty drugs.	TIER 3 Includes non-preferred brand name drugs.	TIER 4 Includes non-preferred specialty drugs.	MEDICAL (M)
ACE Inhibitors** (blood pressure lowering, includes combination products)	benazepril/HCTZ captopril/HCTZ enalapril/HCTZ fosinopril/HCTZ lisinopril/HCTZ moexipril/HCTZ perindopril quinapril/HCTZ ramipril trandolapril trandolapril-verapamil	None	Accupril Accuretic Aceon Altace Epaned Lotensin Mavik Prestalia Prinivil Qbrelis Vasotec Zestril Zestoretic
