Let’s Talk Prevention
Your No-Cost Prescription Drugs for Preventive Care

Your health plan from MVP Health Care® offers certain preventive service benefits at no cost to you. This means you don’t have to pay a co-pay* or co-insurance, even if you haven’t met your deductible. These no-cost benefits are part of the Affordable Care Act (ACA) and include:

- Medicine and supplements to prevent certain health conditions for adults, women, and children.
- Medicine and products for quitting smoking or chewing tobacco (tobacco cessation).
- Medicine used prior to screenings for certain health conditions in adults.
- Vaccines and immunizations to prevent certain illnesses in infants, children, and adults.
- Contraceptives for women.

MVP works with CVS Caremark to provide these benefits. The following lists† explain:

- Which medications or vaccines (administered by a pharmacist) are covered.
- Who they are covered for, such as children age 5 and under or adults age 65 or older.
- What health condition or illness they help prevent.

Tips for Using the Lists

- Take this list with you each time you or your family has a check-up or yearly exam.
- Your doctor must write a prescription for these medications to be covered by your plan, even if they are listed as over-the-counter.
- The dosage form is how the product is supplied. For example, tablet, capsule, liquid, syrup, or chewable tablet.
- “Generic” or “brand name” is listed if only that product type is covered.
- Treatment recommendations may vary. Please call your doctor or pharmacist if you have questions about your health or medicine.†
- Other rules and limits may apply. Contact the MVP Customer Care Center at the phone number on the back of your MVP Member ID card if you have questions about your coverage.†
**Over-the-Counter Medications**

**Aspirin** to help prevent heart and blood vessel problems (cardiovascular disease) and colorectal cancer in adults age 50 to 59 years old who are at risk.

- Aspirin examples (OTC):
  - Aspirin tablet 81 mg
  - Aspirin chewable tablet 81 mg

  - Lovastatin 10mg, 20mg, 40mg
  - Pravastatin 10mg, 20mg, 40mg, 80mg
  - Rosuvastatin 5mg, 10mg
  - Simvastatin 5mg, 10mg, 20mg, 40mg

Footnotes

* Co-pay, co-payment, or co-insurance is the out-of-pocket amount a plan member is required to pay for a prescription in accordance with a plan, which may be a deductible, a percentage of the prescription price, a fixed amount, or other charge, with the balance, if any, paid by a plan.

† Recommendations, ages, and populations may vary. Products listed may be updated periodically. List does not guarantee coverage. Vaccines, immunizations, and intrauterine devices may be covered through your medical or pharmacy benefit. Consult your plan for a complete coverage and list details.

Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Caremark.

This list represents branded products in CAPITAL LETTERS, branded generics in Uppercase and Lowercase italics, and generic products in lowercase italics.

Some strengths or dosage forms may not be included in the list and certain products or categories may not be covered, regardless of their appearance in this document. Please check with your plan provider should you have any question about coverage.

Additional medications may be included in this list from time to time in compliance with the Affordable Care Act requirements.

This list has been adopted by MVP Health Care. It may be modified as necessary or desired by MVP based on the advice of counsel and as new recommendations become available.
