MARKETPLACE FORMULARY

New York-Vermont

Effective April 1, 2018

2018 MARKETPLACE FORMULARY

EFFECTIVE April 1, 2018

This information relates to the Marketplace Formulary, generally, and may not describe your particular coverage. Your specific Plan documents determine your benefits, including copays, coinsurance, deductibles, out-of-pocket maximums and any limitations and exclusions. Your physician is the person best suited to help you make decisions about prescription drugs, and the prescription drug information below is intended for consumer guidance only.

While every effort has been made to insure accuracy, some information may be out of date. The Marketplace Formulary is subject to change based on decisions made by the Pharmacy & Therapeutics (P&T) committee. New drugs are not covered until reviewed by the P&T committee. Medications with an over-the-counter equivalent are not a covered benefit. Generic drugs on the formulary may not have the equivalent brand name product listed.

Products are listed in their most represented tier. Certain drugs may have a generic name but are a brand drug and will process as tier 3 product. For example a drug may be listed in tier 1 but a certain strength, dosage form or manufacturer may be considered a brand drug and will process at tier 3. Drugs entering the market between 1938 and 1962 that were approved for safety but not effectiveness are called "DESI" drugs. DESI drugs are not covered on the Marketplace Formulary.

In the case of some drugs, the Plan limits coverage to a specific quantity or a specific course of treatment. The Plan may also require prior authorization on some covered drugs. If you need more information about policies regarding a specific drug, consult your physician or contact the MVP Customer Care Center. If the medication you take is not listed below, contact the CVSCaremark Customer Care Center at the phone number listed on the back of your MVP ID card.

DRUG CATEGORY	TIER 1 The lowest copay choice and usually includes generic drugs.	TIER 2 The mid-range copay choice and includes covered brand name drugs because of their overall value. Also includes high cost generic drugs.	TIER 3 The highest copay choice and includes all other covered brand name drugs	MEDICAL (M)
ACE Inhibitors** (blood pressure lowering, includes combination products)	benazepril/HCTZ captopril/HCTZ enalapril/HCTZ fosinopril/HCTZ lisinopril/HCTZ	moexipril/HCTZ perindopril quinapril/HCTZ ramipril trandolapril	trandolapril- verapamil	Accupril Accuretic Aceon Altace Lotensin Epaned Mavik Prestalia Prinivil Qbrelis Vasotec Zestril Zestoretic
Adrenal Hormones Oral**	cortisone dexamethasone fludrocortisone hydrocortisone methylprednisolone prednisolone prednisone	prednisolone- dose pack	Acthar-HP ^{q,†} Cortef Dexpak Emflaza [#] Medrol Medrol 2mg	Millipred Orapred ODT Prelone
Adrenergic Antagonists**	clonidine doxazosin guanfacine	methyl/opa/HCTZ prazosin reserpine terazosin	clonidine patch midodrine	Cardura Cardura XL Catapres/TTS Minipress Tenex

[#]Requires prior authorization

*Drug is available through Mail Order if your benefit allows

**All drugs in the category are available through MailOrder
NFNC-Non formulary, not covered-Must be approved by MVP

EX- Excluded drug-medical exception approval required

M- Does not require a prescription drug rider for coverage but may be subject to prior authorization or step therapy as indicated. If provider does not buy and bill drug must be obtained from CVS Specialty or other contracted Specialty provider

^q Subject to quantity limits

st Step therapy edits apply (must have failed on a specific drug per policy)

⁺ Obtain through CVS Specialty
