EXHIBIT 13b: NARRATIVE SUMMARY

Company Name:	<u>MVP Health Plan, Inc.</u>
NAIC Code:	<u>95521</u>
SERFF Tracking #:	<u>MVPH-131481202</u>
Market Segment:	<u>Small Group</u>

Generally, once a year MVP files for a change to the current premium rates on file for their products based on a review of the adequacy of the rate level. Premiums need to be sufficient to cover all medical and pharmacy claims submitted from the covered members, as well as cover the administrative cost of operations, Federal and New York State taxes/assessments levied and New York State statutory reserve requirements.

MVP is proposing a premium rate adjustment effective as of January 1, 2019. Policyholders will be charged the proposed premium rates upon renewal in 2019 pending New York State's Department of Financial Services review. There are 782 policyholders and 2,978 members currently enrolled in Small Group MVP Health Plan, Inc. benefits. The proposed premium rate adjustment represents an average increase of 7.0%. Premium changes will vary by plan design and are being driven by cost-sharing modifications, regional adjustments, and the way administrative expenses are allocated to premium rates.

Premium rates are increasing due to the rising cost and utilization of medical services and prescription drugs (+8.2%), enhancing benefits to include pediatric dental coverage (+0.5%), an increase to administrative charges (+0.6%), the assumed repeal of DFS' ACA risk transfer adjustment (+3.9%) and a reduction in funding of the Healthy NY stop-loss program (+2.4%). Offsetting these increases is a temporary moratorium of the Federal Insurer Tax (-0.6%) and a change in our claim projection methodology from prior year (-7.5%).
