New for 2018: “National” Plans include Cigna National Network

Members enrolled in a new **National** plan have access to the Cigna HealthCare network—providing members full national coverage by allowing them access to providers outside the MVP regional network. Our complete network is composed of more than 500,000 providers nationally with more than 5,000 facilities. National plans are available at all metal levels.

New for 2018: Get More Upfront for Your Premium Dollar

We want you to get the services you need and use most, at a lower cost, and before meeting your plan deductible. That’s why we’ve added new plans for 2018—Gold 9, Silver 10, and Bronze 8—that feature unlimited “first dollar coverage” for primary care physician (PCP) visits and prescription drugs.

Note: on the Bronze 8 plan, generic drugs are “first dollar” and brand drugs are subject to the deductible. See plan details.

Levels of Coverage

Health plans are offered in a tiered format based on four metal levels that match the percentage of costs covered. As the metal level goes down, the monthly premium goes down while the member’s out-of-pocket cost share goes up.

90% Platinum	80% Gold	70% Silver	60% Bronze
Out-Of-Pocket Costs			
			Cost Covered By Your Premium

Aggregate (Agg)

For any policy with two or more members, the deductible must be met by any one or any combination of members before the plan will make payments.

Embedded (Emb)

Each member will pay towards, but never exceed, their individual deductible and/or OOPM until the larger Family deductible and/or OOPM is met. Once the Family deductible and/or OOPM has been met, the plan will begin payment of services for all members on the contract, regardless of the status of any remaining individual deductible and/or OOPM levels.
