

# Child Health Plus

You may qualify for free health coverage for your children.

## Healthy futures start here.

Child Health Plus is an affordable health insurance option for children under age 19 who do not qualify for Medicaid, do not have other insurance, and are not eligible for coverage under the public employee’s state health benefits plan. Depending on your income, a small monthly payment may be all that is needed to get your children covered.

Use the chart below as a guide and see how affordable health coverage for your children can be.
