## MVP Medicare Advantage Supplemental Dental Rider FAQs

No matter which MVP Medicare dental coverage you have in 2021, your plan works the same.

- You can go to any dentist. As part of the MVP Medicare plan dental benefits, members also have access to the DenteMax Medicare network. To confirm if your dentist is part of the DenteMax Medicare network, go to **mvphhealthcare.com** and select *Members*, then *Medicare*, then *Find a Doctor*.
- DenteMax dentists accept a fixed amount for each covered service as payment in full minus any applicable co-insurance responsibility. If you see a non-DenteMax dentist, you may be billed for additional costs.
- You will receive an MVP Dental ID card— show this card anytime you visit the dentist. Your plan benefits will be applied to your visit and the services you receive according to the dental plan coverage you have.
- If you enroll in the Optional Supplemental Dental Rider, you will receive one monthly premium bill for both your dental rider and Medicare Advantage plan premiums.
- If you enroll in the Optional Supplemental Dental Rider, your dental claims will be listed on the same Explanation of Benefits (EOB) statements as your medical claims.
