**Directory of Designated
Provider Excellence Program Providers**

About This Directory

MVP Health Care® members in HMO, EPO, PPO, and POS health plans in New York State can use this directory to find Family Medicine and Internal Medicine in-network providers designated in the Provider Excellence Program to help them make informed health care decisions.

Finding a Provider

1. Using your keyboard, press CTRL/CMD and F at the same time to search within the document. If you are viewing on a mobile device, select the magnifying glass icon to search.
2. A small search box will appear; type in the provider's last name or practice name.
3. Your result(s) will be highlighted. There may be multiple results with the same name. Select *Next* to see more results.

Don't see your provider?

Only Family Medicine and Internal Medicine in-network providers in New York State who are designated in the Provider Excellence Program are included in this directory. Designation means these providers offer high-quality care at a better value than other providers. This may mean lower out-of-pocket costs. Please refer to your MVP plan documents for more details.

There are several reasons a provider may not be designated in this program, including:

1. Their practice specialty is one other than Family Medicine or Internal Medicine.
2. They are a Family Medicine or Internal Medicine provider, but they had insufficient data (i.e., the provider group does not have enough commercial health plan claims data to be evaluated, as required by the statistical requirements of the Provider Excellence Program; the provider group did not have enough quality data; or the provider group does not have enough cost-efficiency data).
3. They are a Family Medicine or Internal Medicine provider, but they did not meet the cost-efficiency or quality of care thresholds of the Provider Excellence Program.

All physicians in the MVP network have met certain credentialing requirements separate from the Provider Excellence Program.

Designation status should not be the only factor considered when making a health care decision.

Questions about the MVP Provider Excellence Program? Contact the MVP Customer Care Center at the phone number listed on the back of your MVP Member ID card.

Updates to the Provider Excellence Program provider directory are made on an annual basis. While every effort has been made to ensure the accuracy of the directory, MVP cannot guarantee the availability of any particular provider as the MVP network of providers is subject to change. Notice of any changes will be provided in accordance with applicable state and federal law. Call MVP at **1-888-MVP-MBRS** (687-6277) or your doctor to confirm their participation. This provider listing was current as of January 2022.
