

# Need a lab test?

Scarlet<sup>®</sup> can come to you  
for easy lab test collections

We are working with Scarlet Health<sup>®</sup>, a mobile specimen collection service, to make it easier for our patients. Just schedule online and a Scarlet Health Professional will come to you to collect your specimen. You won't have to arrange childcare, transportation or anything else.

## How to get started

- Scan the QR code or go to [scarlethealth.com](https://scarlethealth.com) and click the **Get Started** button
- Choose a location (your home, workplace, etc.) that is convenient for you, check that your health insurance is in-network, and upload an image of your lab test order
- Scarlet Health will send you an email and a text with a link to schedule your appointment
- On the day of your appointment, a Scarlet Health Professional will come to you to collect your test specimen
- Your lab test results will be sent to our office to be reviewed by your healthcare provider
- You may access your test results via the secure, HIPAA-compliant BioReference Patient Portal

## What to expect

### The day before your Scarlet appointment:

- Expect a call from the Scarlet Health Professional to confirm the appointment and answer any questions

### The day of your Scarlet appointment:

- Track the Scarlet Health Professional as they head to your location
- Please clear an area for the Scarlet Health Professional to safely perform the collection
